

Toner take back service.

Our new free, simple to use, responsible returns programme.

Take back toner.

Our environmentally responsible returns programme.

Free and easy to use.

Kyocera currently offer a returns service for all used, genuine KYOCERA toner cartridges. The moment your empty consumables enter our system, Kyocera and our recycling partner will manage everything from pick-up to processing toner plastics into graded plastic beads.

Only genuine Kyocera toner guarantees print quality, reliability and environmental standards.

Empty toners do not go to landfill.

After separating the cartridges into individual components, the polymers in the toner cassette are separated and then granulated and prepared for reuse as "recyclate". Our partner's zero to landfill commitment ensures all toner empties are returned to a raw material state for reuse in a wide variety of new products.

By participating in our Toner Take-Back Service you contribute to reducing waste and energy consumption for a better environment and a better world. The service follows Kyocera's philosophy of always considering our impact on the environment.

Our toner cassettes and product packaging are 100% recyclable. Kyocera even ID mark product parts for easy recycling.

Why participate?

Free.

There are no costs for returning empty toners.

Simple.

Easy to use programme.

Responsible.

Less waste to landfill.

How to participate:

1

Register: Visit or
Login at:
kyocera.oemreturn.com

2

Order: Empty recycling
boxes.

3

Book a collection:
Quickly and simply
when your box is full.

4

Prepare: OEMReturn
will pick-up your full
box or deliver new
replacement boxes.

Collection boxes.

The box.

We provide a large box free of charge for
toner recycling.

Max. size: 60 x 44 x 44cm

Max. 20kg **Average:** 30-40 units

Single returns.

We are not currently able to accept the return
of single cartridges. Please order a box and
fill this before returning.

Kyocera toner only.

This service is not able to accept non-Kyocera
toner empties, Kyocera cardboard toner
cartons, or any other items.

Waste toner bottles.

We now accept waste toner bottles for
recycling. Now classed as WEEE waste they
cannot be disposed of in general waste.

Please do not return consumables from other manufacturers, including Kyocera compatible
toners. We can only accept genuine Kyocera toner cassettes. Waste transfer notes are available
to download following collection.

KYOCERA is happy to confirm this service is
free of charge in order to ensure that our spent
consumables are properly recycled by best
environmental methods and our service complies
fully with UK WEEE legislation.

Kyocera Document Solutions has championed innovative technology since 1959. We enable our customers to turn information into knowledge, excel at learning and surpass others. With professional expertise and a culture of empathetic partnership, we help organisations put knowledge to work to drive change.
